

# CHANCELLOR CHATTER

CSC P&C...serving, connecting & caring for our community

TERM 2 2023

## MASTER PLAN IS COMING ALIVE

This outdoor learning space for our Junior Secondary students is now complete and looks amazing!

The large dining area near the secondary Cafeteria - Café 164, and the Uniform Shop has also been revamped with coloured concrete and a vibrant mural painted on the Café entry wall.

Throughout this term, the large outdoor space between the senior and technology blocks will be completely transformed creating outdoor learning and social spaces with shade, hand-ball courts, astro-turf and various raised seating beds. This will create a beautiful place for our students to learn and socialise with friends.
